Product manufacturing and distribution.

In this phase, we put our own production centers to work to manufacture all the equipment required for the project, turning the designs from the previous phase into a reality under the strictest quality standards.

Installation and project management.

Getting the equipment installation process right is crucial for an excellent result. Which is why we offer installation and supervision at every step of the project, from assembly to launch.

Pool surround Cascade

HYDRO LEISURE ELEMENTS

A cascade for the pool surround designed to create an intense yet deeply relaxing curtain of water.

This accessory is made from mirror-polished AISI 316 stainless steel and has to be ordered with the anchor plate for secure installation.

Complementary accessories

- Self-priming pump with flow rate of 34 m³/h at 10 m.w.c.
- Drainage system featuring 110 mm diameter stainless steel grill.
- Piezoelectric push button.

Details: p. 357

173

Pool surround Water Jet

HYDRO LEISURE ELEMENTS

Water jet for pool surround, featuring swan-neck shaped cylindrical section, providing a high-pressure jet of water for a relaxing cervical massage.

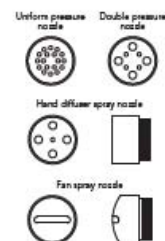

This accessory is made from polished AISI -316 stainless steel and has to be ordered with the anchor plate for secure installation.

Complementary accessories

- Self-priming pump with flow rate of 10 m³/h at 14 m.w.c.
- Circular drainage system with 75 mm diameter outlet.
- Piezoelectric push button.

Details: p. 357

174

Hydromassage Lounger

HYDRO LEISURE ELEMENTS

Manufactured in AISI-316 stainless steel and ergonomically designed to provide maximum comfort. The system is based on air which is injected through the base of the lounger, providing a muscle-relaxing massage.

Available in two versions: embedded or installed with column.

Dimensions (mm):
to embed: 1450 / 1700
for column: 1450 / 1700

Accessories

LS00 Column
Concrete column anchor
Prefabricated pool column anchor

Complementary accessories

- Air blower with flow rate of 150 m³/h at 100 mbars
- Piezoelectric push button.

Details: p. 367
